

Missionary Prayer Calendar

September 14-19, 2020

- Mon. **Jamie & Gretchen Pappas, CRU, Cal Poly.**
Fall term classes begin today, many on Zoom, some in the classroom. Pray the outreach of CRU will continue to be effective in reaching incoming freshmen with the opportunity to come to Christ & grow in relationship with Him while in college.
- Tues. **Ryan & Heather Newman, Thailand.**
They are STILL in the USA! 4 times they have been denied at the last day. Their names now appear on an important "list" and they have applied to return this Monday, the 21st. Pray that all things work together to get them back...if not this time, then 3 of the 7 will have to get new passports & the next application period will be October!
- Wed. **Darren Johnson & the local Child Evangelism Team.**
The future of Good News Clubs is a conundrum. Will children who have been on Zoom all day with school want to attend a Zoom GNC? Will outdoor Clubs with masks & social distancing plus government regulations & CEF requirements make Clubs too complicated for the kids? Ask God to open hearts, minds, doors, to get the Gospel to schoolchildren.
- Thurs. **Dale & Becky Burke, Reach Global EFCA, Carlsbad, CA.**
While grounded in CA because of COVID, God has enlarged the ministry in Kenya and Tanzania with the "Training Africans to Train Africans" online workshops. The Vimeo release of 17 Leadership Lessons has been viewed in 50 countries by over 1300 demand plays. Pray that God will continue to use these online methods train pastors.
- Fri. **Scott & Ria Carpenter, Pioneers, IN.**
Pray for Scott as he continues training to help cross cultural workers deal with challenging levels of stress when moving to a new country & culture. So many of the basics of life change with language, climate, food, navigating renting, getting utilities hooked up, etc. Scott can help them stay healthy & cope with challenges by listening, praying, & connecting them with resources & people who can help.
- Sat. **Chris & Carolin Jackson, Wycliffe, Alat, Cameroon.**
They were able to make a final trip to Bamenda to retrieve all of their belongings. This means that their temporary abode for personal safety is now permanent. Pray for their self-discipline for their work in these uncertain times.
