

Missionary Prayer Calendar

February 22-27, 2021

- Mon. [Bev Denison, Local Child Evangelism Fellowship \(CEF\).](#)
Pray for increased enrollment & attendance in established Good News Clubs. Also pray that there will be volunteers to staff & venues opened for more Zoom & in-person Clubs to begin in areas where there have been classes for many years.
- Tues. [Denison continued.](#)
Pray for more people to participate in Zoom & in-person prayer groups now available in Morro Bay, Atascadero, Paso Robles, & Cambria. CEF is working to establish prayer groups of one kind or the other in all the cities & towns in San Luis Obispo County.
- Wed. [Matt & Becky Kooi, Spectrum, Tijuana, Mexico.](#)
Two Spectrum workers, Carlos & Palau, were permitted into the men's jail on Dec. 24th. They brought a care package of clothing & toiletries for each inmate & also provided a home cooked meal of posola and pan dulce (Mexican soup and bread). The two sat with the inmates during dinner convers-ing with them about the difficulties during Covid & sharing the Gospel. Seven gave their lives to Jesus that day! Pray for their spiritual growth.
- Thurs. [Spectrum continued.](#)
The newer inmates were bowled over by the loving concern showed them, saying it was their only positive experience since they had been incarcerated. Pray for their spiritual journey as Spectrum volunteers continue to meet & share life & the Gospel with them.
- Fri. [Jim & Debbie Samland, CRU, Hungary.](#)
In 20 countries around the world including Hungary, the 2nd week of February is celebrated as Marriage Week, a time to encourage & celebrate marriage as an institution. Along with posting articles & podcasts, CRU began to show the seven week series, "The Art of Marriage," on their website. 28 new couples have registered for the series, & volunteers are inviting more folks every week. Pray that participant's marriages are helped & that they are drawn to the LORD so CRU workers can connect & minister to them.
- Sat. [Chris & Carolin Jackson, Wycliffe, Cameroon.](#)
There has been no more news about Covid infections during the Fulfulde Literacy Workshop. Pray participants stay healthy & that for these last two weeks their skills in reading, writing, & math will greatly improve.
