

Missionary Prayer Calendar

May 3-8, 2021

- Mon. [Alban & Dori Pasho, CRU, Albania.](#)

All this week Alban is meeting with a local church in the south of Albania to help them grow an online ministry with the young people of Gen Z in their city. Pray as they work together to plan summer strategies for high school student outreach.
- Tues. [Darren Johnson, Local Child Evangelism Fellowship.](#)

Pray for CEF staff as they prepare for 4 weeks of Summer Day Camps. Right now there is a critical need for volunteers to step forward to participate in staffing the camps. The necessary vetting of volunteers takes weeks & time is getting short. Ask the Lord to bring the right folks forward to fill the needed slots.
- Wed. [Becca Ashton, CRU, International Christian School of Budapest.](#)

Pray for wisdom & discernment for the administration team concerning staff needs. A group of teachers need to spend 6-12 months in the USA for tax purposes; they need to be replaced with long term substitutes.
- Thurs. [Jim & Joan Yost, New Generations, Papua.](#)

Today Jim zooms (by airplane) into San Jose, CA, to get his Pfizer vaccine shot tomorrow, to zoom out to the Ivory Coast, Africa, on Saturday to take part in a week long New Generations Conference. Then he zooms back to America for 2 weeks to get a 2nd Pfizer shot & visit supporting churches in CA, only to zoom back to Papua.
- Fri. [Ron & Dorie Smith, Global Sharing \(GS\), Atascadero.](#)

In January, GS provided 10 bicycles to key evangelists serving a tribe in Malawi that has been very receptive to the gospel. The bikes are allowing these faithful servants cover far more territory as they pursue opportunities to expand the Kingdom. Pray for the Holy Spirit to work thru these servants to find those who are seeking truth.
- Sat. [N & J.](#)

If you saw the GBC service this past Sunday, you got a glimpse of the newest members of the GBC Family of Missionaries & their two little girls. Today the family flies to Minnesota to visit their supporting church in preparation to leaving for the field in August. Their field presents monumental cultural & physical challenges. Pray that the Holy Spirit will prepare them in ways they don't even know they need.
