

Missionary Prayer Calendar

July 19-24, 2021

- **Mon.** **Darren Johnson, Josh Estrada, Brian, Local Child Evangelism Fellowship.** This is the 4th and final week of Camp Good News, this week in SLO. Pray for workers who have been ministering 3 weeks. Pray for children to be responsive to the Gospel and that this camp will foster more interest in Good News Club ministry in SLO schools this fall.
- **Tues.** **Matt & Christy Taylor, Wycliffe, PNG,** did not receive the visa exemption that would allow them to return to PNG on July 3rd. They have taken steps to meet the new requirements to return in late July. Pray that this new paperwork clarification will support a return for the family in July.
- **Wed.** **Ron & Dorie Smith, Global Sharing, transitioning to Georgia from Atascadero.** A vital work in SLO County that ministers to 47 souls struggling with addictions, recent release from incarceration and homelessness is in danger of being shut down over a dispute to connect water to their house. Pray the County will approve the water hook-up so these folks can continue recovery into society.
- **Thur.** **Jim & Debbie Samland, CRU, transitioning into USA from Hungary.** When they arrived in the USA last week, they helped adult son, Alex, pick up belongings & move some furniture. They have just arrived at their destination of Oxford, Ohio & must be tired...the emotion of leaving Hungary, air travel, driving in unfamiliar territory, helping Alex in a move, and then arriving in a new place of ministry. Pray for time and peace to settle in and re-orient to American culture that is so different from when they left 33 years ago!
- **Fri.** **Mick & Clarice Haupt, CRU, Orlando.** Pray for Mick as he puts together a video that captures the story of a camp for Haitian teens that he & Clarice helped run last week. Also pray for the teens who attended, that the messages they heard on the Gospel, identity, and sexual purity will sink into their hearts & will show in their behavior.
- **Sat.** **Matt & Becky Kooi, Spectrum, Tijuana.** Vaccines are being administered in Tijuana & now the city has "opened up." Spectrum can now re-establish their weekly Community Outreach Days in the 6 neighborhoods in which they minister. Pray for parents & kids to rejoice in the opportunities to reconnect, play games, sing songs and learn about Jesus.
